

ALPARK+✈

HEART OF SWISS ALPS

AT THE HEART OF THE SWISS ALPS IN VALAIS, WE HAVE BUILT THE MOST SUCCESSFUL AND EXCLUSIVE PRIVATE AVIATION FACILITIES.

Sion Airport is, by its location in the centre of Europe and at the foot of the finest ski resorts in Switzerland, one of the most important airports for private aviation in Europe.

It is in this ideal location that we have built the luxury infrastructure of Alpark providing high-quality services. We have thought of everything, from welcoming travellers to aircraft maintenance, not forgetting crew accommodation.

Whether you want to spend a holiday in our region, park your aircraft for an indefinite period in the best conditions, organise a discreet conference or a special event or simply store goods under customs control, we are equipped to meet your requirements on the best possible terms.

Our goal, whatever your requirement, is to respond to it in a personalised and efficient way to offer you a unique experience.

FACILITIES

ALPARK OFFERS COMFORT, SECURITY AND DISCRETION FOR TRAVELLERS, THEIR PLANE AND CREW.

Our 5 hangars with a surface area of 12'000m² can accommodate 24 private jets including 3 BBJ or Airbus A320 in optimum conditions of safety and protection.

No more damage due to climatic changes or additional fees for de-icing in winter and cooling in summer. Aircraft handled by us are always clean and ready to take off.

In an ultra-secure environment you will find under one roof:

- > Top-quality accommodation for your crew or yourself which can be used for a night, a day or during the hours of crew rest.
- > Comfortable VIP lounges to relax in luxurious surroundings and which offer all necessary services and the ability to benefit from a professional chef to cook a fine meal.
- > Comfortable crew lounges, equipped with all the necessary equipment for the preparation of the next flight in optimum conditions.
- > Our conference rooms are equipped according to the latest technological standards for gatherings of up to 25 people in complete discretion in style with a tailor-made service.
- > A soothing and welcoming relaxation area with a spa and a fitness centre reserved for our clients to relax in.

SERVICES FOR TRAVELLERS AND CREW

Assistance

Guide the aircraft after landing, embarkation and disembarkation of passengers, refuelling and technical support, as well as our top-quality concierge, catering and cleaning services which cover all aspects of private aviation.

Flights planning & charter

Our operators are available to assist your crew in preparation so that all your flights take place in perfect conditions. If required, we can also charter the aircraft for you that meets your needs and requirements.

Parking for aircraft and car

Our ultra-secure facility (controlled access to the runway or road, video surveillance) allows you to park your plane and your car in the best conditions.

Freeport

Alpark enjoys special customs authorisation to temporarily maintain (up to 30 days or more on request) any type of property under customs control in storage facilities which benefit from ongoing monitoring and the very latest alarm system.

In addition, we also welcome foreign aircraft for up to 1 year without having to pay the taxes which are usually due.

Transfers

We take care of arranging transfers to your destination by helicopter or limousine in order to save time.

Our Sikorsky S76B can carry up to six passengers and their baggage. As for our limousine service, our partner will bring you in new and comfortable vehicles to the destination of your choice.

Lifestyle

Ask us the impossible as we like challenges and will try our best to satisfy you.

From simple hotel or restaurant booking, renting a limousine or a sports car, organising an event or an introductory simulator free-fall, our team is at your disposal to make your stay at Alpark a unique and unforgettable experience.

Catering

We offer a wide range of delicacies, «finger food» or more elaborate dishes, prepared by our suppliers with the best fresh local produces. We also offer a selection of the finest wines. If you wish, our professional kitchen is at the disposal of your team.

AIRCRAFT SERVICES

Ramp services

Our ramp services include all services necessary for the operation of a private plane such as emptying toilets, supply of potable water, levels of oil and various fluids, nitrogen and oxygen supply, as well as the provision of ground power units (GPU).

Cleaning

We know how important cleanliness is and how the materials used in the aircraft can be delicate. Our specialist teams are in charge of the internal and external cleaning of equipment to the highest standards. At Alpark you will find all the necessary equipment for cleaning the on-board linens.

Maintenance (airplanes and helicopters)

To ensure that your aircraft is always ready to take off, our partners, Tag Aviation (Bombardier, Dassault Falcon, etc.) and Ruag (Sikorsky, Eurocopter, etc.) can do the line maintenance work and other work on request.

Storage & Technical Equipment

We can make storage space available which is suitable for different type of objects you wish to deposit, linens, mattresses, etc...

Finally, our facilities are equipped with the latest generation towing equipment, generators in all hangars, lifting equipment and different ladders.
